

Laboratory

Un sostegno alla ricerca

Una linea di sedute, sgabelli e tondelli progettati appositamente per l'utilizzo nelle diverse tipologie di laboratori. Si avvalgono di componenti particolari, come la base a diametro contenuto per facilitare i movimenti, la verniciatura speciale antibatterica, i materiali, come il legno multistrati e l'ecopelle antibatterica, facili da pulire.

A questo vanno aggiunte le caratteristiche ergonomiche offerte dalle diverse altezze di seduta e dai diversi meccanismi di regolazione dello schienale.

A support to research

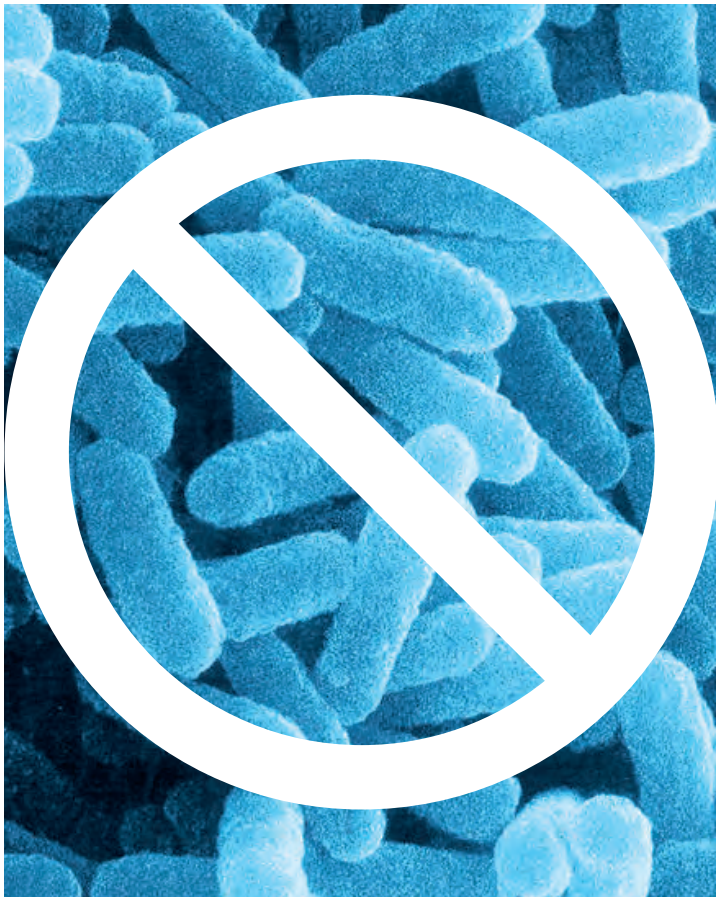

A line of chairs and stools specifically designed for use in different types of laboratories. They are offered with special components, such as the limited diameter base for ease of movement, the special anti-bacterial coating, and materials such as multilayer beech wood and antibacterial faux leather, are easy to clean.

Adding to this, the ergonomic features offered by the different sitting heights and different mechanisms for the seat and backrest adjustments.

Sedute in legno o in eco-pelle antibatterica, facili da pulire.

Chairs made of wood or eco-leather antibacterial, easy to clean.

Le basi sono rivestite con vernici resistenti che assicurano la massima igiene tenendo molto basso il livello dei batteri.

The basemens are covered with special paint to ensure maximum hygiene, keeping a very low level of bacteria.
